OBJECTIVE

To gain research experience that will expose me to new facets of biological research and prepare me for graduate studies in ecology and evolutionary biology.

EDUCATION

City College of New York, Manhattan, NY

- Bachelor of Science in Biology, Minor in Economics, awarded February 2nd, 2012
- President's list Fall 2011, Dean's List Spring 2011,
- GPA: 3.36

LaGuardia Community College, Queens, NY

- Undeclared Biology major, August 2008- July 2009
- Dean's List Fall 2008

Cameron University, Lawton, OK

- Undeclared Biology major, August 2007- May 2008
- President's List Fall 2007/Spring 2008

RELEVANT COURSEWORK

- Genetics, Molecular Biology, Microbiology, Ecology and Evolution, Ornithology, Biogeography, Natural History of Vertebrates, Organic Chemistry

EXPERIENCE

Student research in David Lohman Laboratory, City College Of New York, NY, February 2011-Present

Student Researcher

- Working on a species of butterfly (*Elymnias hypermnestra*) to quantify mimicry and camouflage morphology
- Responsible for DNA isolation, polymerase chain reaction, and DNA sequencing preparation
- Weekly discussion meetings of recent scientific articles related to ecology and evolution

Upward Bound Tutor, Cameron University, OK, January 2008-May 2008

Tutor

- Individually tutored high school senior level students in biology, chemistry, and mathematics
- Participated in various tutoring workshops: work ethics, student interaction, and exam preparation

Child Workers in Nepal Concerned Center, Kathmandu, Nepal, July 2006-December 2006

Volunteer

- Case studies of the children who were rescued from the streets that included interviews, data collection, documentation, and translation
- Tutored in science and mathematics
